To whomsoever it may concern

We Virupaksha Ltd, Hyderabad would like to acknowledge that we have installed *Anjney* brand *PPRCT Pipes and Fittings* for various industrial applications such as R. O. Water, Raw Water-Cooling Tower, Chilled water, Vacuum Line Air Line and RT water Dated 10.06.2020. We were planning to set up a new unit in Hyderabad, we decided to go for the pipes which can resist rusting and can give smooth and rust-free flow. Hence, we approached *PPRCT FR Composite Pipes and Fittings* manufactured by *Anjney Tubes India*, Ahmedabad. We are using *PPRCT FR Composite Pipes and Fittings* for below mentioned applications in our plant.

APPLICATIONS	EARLIER PIPING & MOC	REPLACED WITH ANJNEY BRAND	TEMP*C	pressure (kg/cm2)	Duration	Observation
R.O Water	SS316	PPRCT	30	4	1.7 years	Satisfactory
Raw water	MS	PPRCT	30	3	1.7 years	Satisfactory
Cooling Water	MS	PPRCT	+5	4	1.7 years	Satisfactory
Chilled Water	MS	PPRCT	-5	4	1.7 years	Satisfactory
Vaccum line	MS	PPCH	-	-1	1.7 years	Satisfactory
Air Line	MS	PPCH	-	7	1.7 years	Satisfactory
RT Water line	MS	PPRCT	40	4	1.7 years	Satisfactory

We are using Different sizes of PPRCT FR Composite Pipes and Fittings for the above-mentioned applications and we are fairly satisfied with the performance of PPRCT FR Composite Pipes and Fittings manufactured by Anjney Tubes India. We have been very much satisfied and impressed by some special advantages such as NIL maintenance and 0 % leakage. Moreover, we had also observed below mentioned advantages in the same:

1. Very less friction loss and pressure drop due to mirror finish inner surface compared to other Pipes.
2. Lesser energy consumption compared to other Pipes
3. No Sagging due to Sandwich Fiber Reinforcement Layer
4. Very good abrasion resistance and rust-free piping

We would definitely recommend Anjney brand PPRCT FR Composite Pipes and Fittings as it will be truly time tested, sturdy and customer friendly product.
